Study in Greenland!

Are you a Civil, Environmental, or Geological engineering student at UBC interested in studying in the Arctic in 2019?
Coordinated International Experience Program - 
ARCTIC SEMESTER

The Arctic Semester at the Technical University of Denmark’s Arctic Technology Centre 
Sisimiut, Greenland

• Experience the unique environment and the challenges of extreme engineering north of the Arctic Circle
• Available to students from UBC with a background in: Civil, Environmental, or Geological Engineering
• See a description of the semester here: www.artek.byg.dtu.dk/english/undervisning/arctic-semester/semester-plan
• Apply via the CIE application forms on the PD Portal by the deadline. CIE will nominate successful candidates to DTU

The five courses offered during the Arctic semester have been pre-approved as Technical Electives for CIVL, ENVE, and GEOE programs. Divide the total ECTS credits by 2 to calculate the equivalent UBC transfer credits:

<table>
<thead>
<tr>
<th>UBC Course</th>
<th>Arctic Semester Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>4th Year Technical Electives</td>
<td>11858 - The Arctic Infrastructure &amp; Society</td>
</tr>
<tr>
<td>(2 ECTS credits = 1 UBC credit)</td>
<td>11857 - Extreme Climate &amp; the Physical Nature</td>
</tr>
<tr>
<td></td>
<td>11859 - Environmental Engineering in the Arctic</td>
</tr>
</tbody>
</table>

In addition, select one of:

11853 - Sustainable Building for Extreme Environments
11854 - Infrastructure Constructions for the Arctic

UBC’s Coordinated International Experience (CIE) is an initiative offering UBC Faculty of Applied Science students a chance to study abroad, full time for a semester at a leading CIE partner institution. Entry into the CIE program is competitive. To be eligible for this program, students must be available to go abroad during their third-year, second term (for CIVL and GEOE) or fourth-year, second term (for ENVE), have at least a 70% average in the most recent academic term of full time studies prior to application (and maintain a 70% average prior to your exchange departure), and be a full-time student in good academic standing. Students accepted by a CIE partner institution are eligible to receive a $1,000 award for travel support from the Faculty of Applied Science.

How to Apply

Apply online: pdportal.apsc.ubc.ca
Deadline for January 2019 CIE applications:
Thursday, January 18th, 2018 at 4:00pm (First Round)
Friday, May 4th, 2018 at 4:00pm (Second Round; limited availability)
