Are you a second-year UBC Civil engineering student interested in studying in Hong Kong or Singapore in January 2019?

Coordinated International Experience Program - UBC CIVL STUDENTS

UBC’s Coordinated International Experience (CIE) is an initiative offering UBC Faculty of Applied Science students a chance to study abroad, full time for a semester at a leading CIE partner institution in Europe, Australia, or Asia. Entry into the CIE program is competitive. To be eligible, Civil Engineering (CIVL) students must be available to go abroad during their third-year, second term, have at least a 70% average in the most recent academic term of full time studies prior to application (and maintain a 70% average prior to your exchange departure), and be a full-time student in good academic standing. Students accepted by a CIE partner institution are eligible to receive a $1,000 award for travel support from the Faculty of Applied Science.
Coordinated International Experience Program - UBC CIVL STUDENTS

The partner institution courses in Asia below have been pre-approved to transfer credits to UBC CIVL. For additional courses outside of this list, please contact CIE to request approvals.

**Disclaimer**: These course options are projected offerings based on information from the previous year and are provided as a starting point to plan your course selections. Enrolment in these courses will be subject to availability at the partner institutions, so please review the latest pre-requisites and timetable information when building a study plan.

### UBC Course (credits)

- **CIVL 300** Construction Eng. & Mgmt. (3)
- **CIVL 305** Intro. to Environmental Eng. (3)
- **CIVL 311** Soil Mechanics II (4)
- **CIVL 316** Hydrology & Open Channel Flow (4)
- **CIVL 340** Transportation Eng. I (3)
- **CIVL 403** Eng. Economic Analysis (3)

### City University of Hong Kong Course

- **CA3411** Construction Management I
- **CA3686** Construction Contract & Mgmt.
- **CA2169** Environmental Engineering
- **CA3677** Hydraulics and Hydrology
- **CA2765** Transportation Engineering
- **SEEM3020** Engineering Economic Anal.

### UBC Course (credits)

- **CIVL 300** Construction Eng. & Mgmt. (3)
- **CIVL 305** Intro. to Environmental Eng. (3)
- **CIVL 340** Transportation Eng. I (3)
- **CIVL 430** Design of Concrete Struc. (4)
- **Tech Elective** (3)

### The University of Hong Kong Course

- **CIVL 331** Steel and Timber Design (3)
- **CIVL 406** Water Treatment... (3)
- **CIVL 410** Foundation Eng. I (3)
- **CIVL 3103** Construction Project Mgmt.
- **CIVL 3161** Steel Structures.
- **CIVL 3121** Water resources engineering
- **CIVL 3108** Foundation Engineering

### UBC Course

- **CIVL 305** Intro. to Environmental Eng. (3)
- **CIVL 340** Transportation Eng. I (3)
- **CIVL 430** Design of Concrete Struc. (4)

### Hong Kong University of Science and Technology Course

- **CIVL 315** Fluid Mechanics II (4)
- **CIVL 403** Eng. Economic Analysis (3)

### National University of Singapore Course

- **CIVL 315** Fluid Mechanics II
- **CIVL 403** Eng. Economic Analysis (3)

### How to Apply

Apply online: [pdportal.apsc.ubc.ca](http://pdportal.apsc.ubc.ca)

**Deadline for January 2019 CIE applications**:  
Thursday, January 18th, 2018 at 4:00pm (First Round)  
Friday, May 4th, 2018 at 4:00pm (Second Round; limited availability)
